

ViriMASK™ SIZING

1. Measure the width of the forehead just above the supraorbital ridge (above the eyebrows). (A)
2. Measure the length of the face from line (A) above the eyebrows to the point just above chin (gingival line). (B)
 - If A is below 145 mm use Medium; if above, use Large.
 - If B is below 150 mm use Medium; if above, use Large.
 - If A is below 145 mm and B is above 150, use Medium.
 - If A is below 130 mm or B is below 130 mm contact support (support@virimask.com) for advice.
